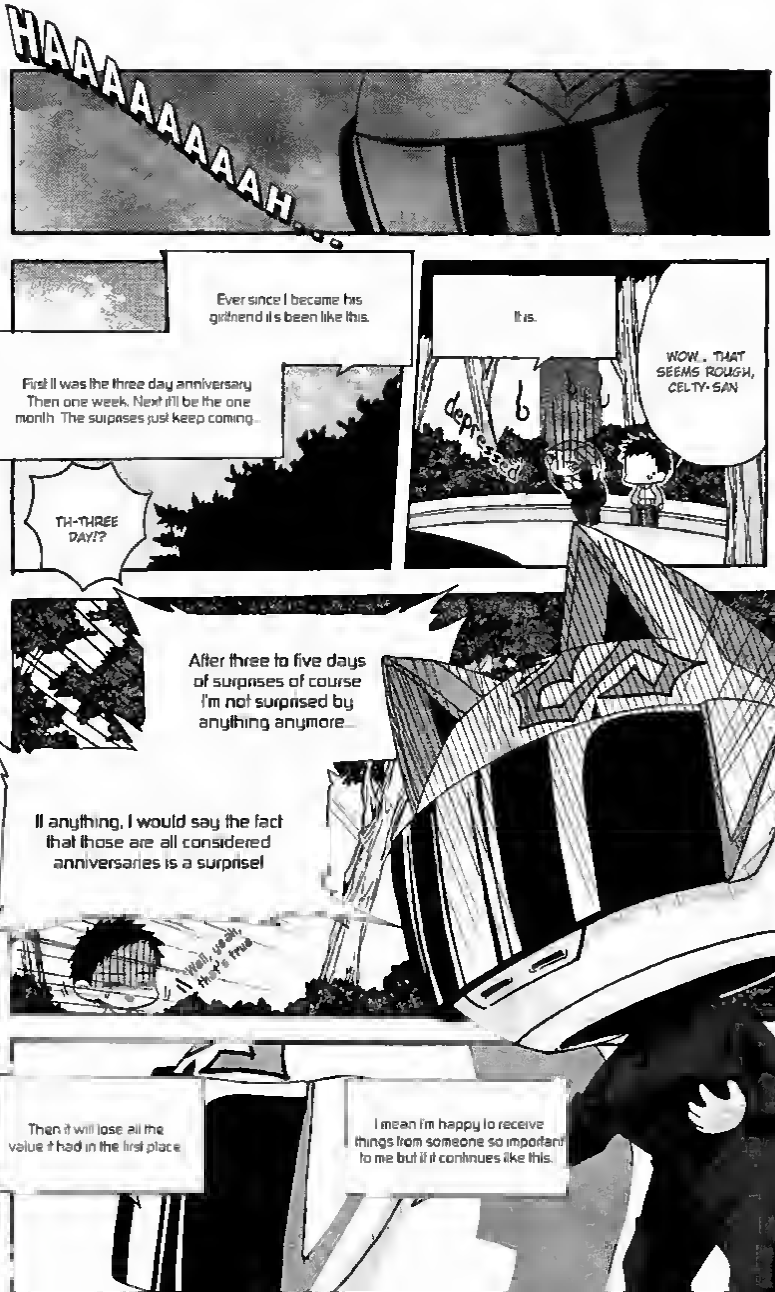
I'VE BEEN WAITING FOR YOU!
YAAH, WELCOME BACK CELTY!
THIS IS ACTUALLY A SURPRISE PRESENT FOR YOU!!
HUH?
No
When was I supposed to be surprised?
THAT'S RIGHT! ARE YOU SURPRISED?
Shinra ..the final address for this package was our house
YUP!
IS THE ANNIVERSARY OF THE DAY
OF THE THIRD WEEK SINCE WE STARTED DATING....
BECAUSE TODAY..



HAAAAAAAAH...
Ever since I became his girlfriend it's been like this.
First it was the three day anniversary. Then one week. Next it'll be the one month. The surprises just keep coming...
TH-THREE DAY!?
It is.
WOW... THAT SEEMS ROUGH, CELTY-SAN
depressed
After three to five days of surprises of course I'm not surprised by anything anymore...
If anything, I would say the fact that those are all considered anniversaries is a surprise!
Well, yeah, that's true
Then it will lose all the value it had in the first place.
I mean I'm happy to receive things from someone so important to me but if it continues like this...

CELTY.
HMMMM....
Shizuo.
WHAT ARE YOU DOIN' HERE?
OH, AND RYUJI...
-GAMINE!
OH, YEAH, THAT'S IT
He's been giving me advice on a problem I'm having with Shinra
AH?
OOOH, ADVICE HUH.
HEEEH...
If it you're available can you help out too?
"And what about me?" eyes
STARE...

It's not like he has any bad intentions.
So I'd like to do it without hurting him if possible
SO YOU WANT SHINRA TO CALM DOWN AND STOP THROWING SURPRISES AT YOU.
I SEE
NO OTHER WAY
WITHOUT HURTING HIM IF POSSIBLE!!
GOT IT, CELTY.
NEXT TIME HE BRINGS UP AN ANNIVERSARY, JUST GIVE HIM A STRONG PUNCH!
HMMMM...
Like I said. I didn't just mean I don't want to hurt him physically
I don't want to hurt him physically or emotionally!
I KNOW IT'S HARD TO JUST COME OUT AND SAY IT, BUT THAT'S THE BEST WAY TO COMMUNICATE IT, RIGHT?
OH. .I SEE.

IT DOESN'T MATTER. I ONLY HAD ONE THING LEFT TO DO TODAY ANYWAY.
HERE, CELTY.
HM?
AH, YEAH.
Oh yeah. Shizuo! I stopped you but you're in the middle of work, aren't you?
THEY ASKED ME TO TAKE CARE OF IT, SO IT WAS GOOD TIMING
SOMETHING MY COMPANY WAS SUPPOSED TO DELIVER TO YOU.
?
What's this?
